THE 2017 PROPERTY TAX BASE OF THE CITY OF MADISON

Background

The City Assessor is responsible for estimating the market value of all locally assessable property in the City of Madison and for producing an annual assessment roll listing of all taxable property. The assessment roll describes the property, states the assessed value as of January 1, and lists the owner's name and address. These values are used to compute property tax statements next December.

In Madison, all property is valued each year at market value and is assessed at 100% of market value as of January 1. Property, for tax purposes, falls into two broad categories: real estate and personal property. Within these categories are several subsections. Locally assessed real estate is broken into single family homes, condominiums, apartment buildings, commercial and agricultural properties. Personal property consists of machinery, furniture, fixtures and other types of property used in the course of business or commerce. These two categories are assessed by the City Assessor and represent approximately 98% of the property tax base.

The remaining 2% of the tax base is valued by the Wisconsin Department of Revenue and consists of manufacturing properties, both real and personal.

Real Estate Changes

Locally assessed real estate increased 10.2% in 2017. Commercial property has increased 16.6% (\$8,144 to \$9,494 million) and residential assessments increased 6.6% (\$14,768 to \$15,744 million).

Personal Property Changes

Locally assessed personal property assessments increased by \$19 million between 2016 and 2017. This represents a 3% increase from \$644 to \$663 million.

Manufacturing Assessments

Manufacturing assessments prepared by the State will not be available until June 1. Last year these assessments totaled \$349.8 million (\$257.2 million on real estate and \$92.6 million on personal property).

Recap of Local Changes

A recap of the locally assessed valuation changes in millions shows:

Please note that one cannot add \$1535.5 million in revaluations and \$750.3 million in new construction to last year's roll of \$22,933 million and come up with the 2017 assessment roll total of \$25,261 million. The reason is that annexations, changes in exempt status, buildings removed or destroyed and changes in classification are not shown and will affect the totals.
