### **East Side Fire Damages 2 Homes**

City of Madison firefighters were called to a house fire shortly after 11 a.m. today. The call was initially to 238 Shady Leaf Road, however fire spread to a neighboring home at 234 Shady Leaf.

Both homes sustained significant structural damage. Occupants of 238 Shady Leaf escaped their home. No one was believed to be home at the 234 address, and no injuries have been reported.

The intensity of the fire forced firefighters out of the building, adopting a defensive firefighting strategy.

Investigators are currently on the scene. No damage estimate is available and the cause remains under investigation.
