

Adoption of the City's 2024 budget authorizes the submission of proposals/plans to the U.S. Department of Housing and Urban Development (HUD), the State of Wisconsin and other funding bodies, acceptance of the grant funds for the specific projects and agencies listed below, allocation of funds within the limits specified, and signing of agreements and implementation contracts by the Mayor and the City Clerk with the specified agencies. Included among the programs on this list is the continuation of previously authorized 2023 contracts. Deviation from the listed programs or in excess of their listed allocations during 2024 will require Council approval.

The 2024 program allocations listed below are based upon the estimated sources and levels of funding detailed in the CD Division's adopted budget. CDD staff are directed to enter into contracts at levels not to exceed those indicated, contingent upon the City's receipt of sufficient funds. Events may occur after adoption of the City's 2024 budget that would increase the amount of the grants or the level of (re)programming, or that would prevent a project from being funded. Should additional revenue become available, these funds will either be added to the Division's monthly reserves or made available to eligible existing projects, based on priority community needs at that time and at the discretion of CD Division staff and/or Division-staffed committees.
