Revise and amend the contract document(s) for the above project as stated in this addendum, otherwise, the original document shall remain in effect.

SECTION D: SPECIAL PROVISIONS

- REPLACE ARTICLE 108.2 PERMITS WITH THE FOLLOWING:

SECTION 108.2 PERMITS

The following permits are required (and have been or will be applied for by the City) for this project:

- City of Madison Erosion Control Permit

The following permits are required to be applied and paid for by the Contractor for this project, and meet all conditions of the permit:

- Dane County ROW Permit

The Dane County "Permit to Work in County Trunk Highway Right-of-Way" Can be found at:
<https://highway.countyofdane.com/permits>

Permits are required prior to authorizing the start of construction.

The Contractor shall be responsible for knowing, understanding, and meeting the conditions of all permits and must keep a copy of each individual permit on site at all times throughout construction. Any questions pertaining to permit compliance shall be immediately brought to the attention of the Project or Construction Engineer.

A City of Madison Erosion Control permit will be applied for and weekly inspections will be completed by City Staff. Contractor may be required to complete additional inspections

following storm events, and this work will be paid for under the appropriate bid item. A copy of the permit will be provided to the contractor prior to construction.

The Contractor shall meet the conditions of the permits by properly installing and maintaining the erosion control measures shown on the plans, specified in these Special Provisions, or as directed by the Construction Engineer or his designees.

The City's obtaining of this permit is not intended to be exhaustive of all permits that may be required to be obtained by the Contractor for construction of this project. It shall be the responsibility of the Contractor to identify and obtain any other permits needed for construction.
