We are committed to achieving the city's utilization goals of 6% racial/ethnic affirmative action group members and 7% women. We understand that the City has established these goals for all contractors regardless of whether they are prime or subcontractors on a project. The goals are measured in percentages of contractor project work hours on each project. The goal of this Affirmative Action Plan is to achieve a balanced workforce, which employs racial/ethnic affirmative action groups, women and people with disabilities throughout all job categories. We have analyzed our current workforce. Based upon our projections of changes in the workforce and the availability of racial/ethnic affirmative action groups and women, we have set goals for the coming year. This data is contained in the Workforce Analysis and Goals Sheet accompanying this plan. **Collective Bargaining** We are party to collective bargaining agreement(s) (CBA) with the labor union(s) listed below: 75a. □ 75b. □ No - We are not party to collective bargaining agreement(s): Union, Local, Address Has EEO Policy? For contractors with unions referring them labor (act as hiring halls), we agree to make job-specific written requests to our unions to "refer 76. racial/ethnic affirmative action group members, women and people with disabilities for work on City Public Works projects in order to achieve the City's AA goals." We have attached a copy of the form* that we will transmit to our unions making the specific request for all needed labor that includes a space for designation of the number of AA referrals actually made by the union, for the union's return, prior to work beginning on any City of Madison project. Consistent with the Madison General Ordinances, we agree that the City may audit or request copies of the union's returned forms during or after work on City of Madison projects. (An example template is available here: www.cityofmadison.com/dcr/documents/LaborRequestAAreferrals.pdf) To demonstrate acceptable good faith AA efforts, we understand that the failure of any labor union to refer racial/ethnic affirmative action group members, women and people with disabilities does not excuse us from our responsibility to achieve the project utilization goals of this plan. One or some of our CBAs contain restrictions prohibiting hiring outside of the union, and we have attached a copy of the cover and relevant pages of 77. any of those most recent CBAs.*

Section VII - Goals, Good Faith Efforts and Timetable

| Sect | tion | VII - | Goals, Good Faith Efforts and Timetable |
|------|------|------------|---|
| 78. | | IF v | ve are NOT presently achieving the City's AA goals, we have included the following acceptable good faith AA efforts demonstrations:* |
| | | | rrent year documentation of at least, but not limited to, three (3) of any the following types of efforts must be submitted with your plan if your plan has not achieved the City's minority and/or female goals: |
| | | | Two new AA recruitment outreach correspondences (letters/emails/feature advertisements/documentation of in-person meetings) to relevant dedicated diversity/minority/female programs, (trade) publications or organizations (Ex. include but not limited to: Urban League, Non-Traditional Careers for Women, YWCA's Construct-U, START, Big Step, Societies of Black, Hispanic or Female Professional Organizations, construction trades newsletters, workforce diversity council beneficiaries, etc.) |
| | | | Participation in/registration for a diversity-focused job fair, including preparation of and (prospective) use of materials that include the specific language "Affirmative Action/Equal Opportunity Employer" to specifically reach out to, engage with, and encourage prospective minority, female and/or disabled applicants. |
| | | | Development of/participation in diversity mentor/intern/apprenticeship hiring and/or training/trade or advanced skills/education programs to increase racial/gender/disability equity in underutilized employment areas/job groups of your company. |
| | | | Affirmative inclusion and incorporation of more of your current, non-involved minorities, females and/or people with disabilities into your recruitment/hiring process (be it as resume reviewers, interview panelists, employment or labor management groups, etc.), AND/OR |
| | | | Actual increase in AA utilization: hiring of additional minority, female and/or people with disabilities. The City/AA Plan/Division explicitly does NOT require new hiring of minorities or females, or any sort of "quotas", for any Plan to be approved, but if your company has indeed increased utilization of affirmative action/target employees, it, of course, exemplifies and serves as an acceptable good faith AA effort by your company. |
| | | | y is responsible for investigating/developing the above efforts independently. Please be reminded ALL written recruitment/employment-related ons must include the specific language of "Affirmative Action/Equal Opportunity Employer." |
| 79. | | We to a | understand that we are expected to make good faith efforts to eliminate wage disparities, and to document our AA outreach efforts as outlined above the chieve a balanced workforce. |
