Organizational Qualifications – All Applicants:

1. Organization History and Mission Statement

Since the 1960s, Madison has become a home for African immigrants and refugees who have migrated here gradually for many reasons, including education, employment, immigration and family reunification. Many families settle in Madison seeking better opportunities for themselves and their children because of the robust resource

network, an established African community and a strong workforce. African immigrants are contributing significantly to Madison area's population growth and, currently, there are more than 10,000 African immigrant households in the Greater Madison Area alone. Since its operations in 2018, the ACCD has become the primary service provider for African immigrants and refugees in Madison, thanks to our caring and experienced staff, our board's strong connections within the African community, and organization's reputation in providing culturally competent services. Since its inception, the ACCD has built a lot of valuable partnerships in the community, including being a community partner to the City of Madison's Emergency Rental Assistance Program. As our community continues to expand, creating a tremendous need for our program and services, our organization remains strongly committed to its mission of "promoting the well-being of the African immigrant community of Madison and Dane County through education, service, entrepreneurship, empowerment, and dialogue".

2. Describe your organization's experience implementing programming described in the Older Adult Services Policy Paper and Older Adult RFP Guidelines relevant to the programs you propose in this application. List all current older adult programs with their inception date.

ACCD has a significant experience in providing case management, information, referral and culturally relevant services. The vast majority of families we serve are from low-income households, many of whom are African-born immigrants and refugees with limited English proficiency (LEP). ACCD has established programs that also cater to the needs of older adults in our community:

Housing navigation and assistance: as the community partner of the City of Madison's Emergency Rental Assistance Program, ACCD provides in-person assistance with locating stable and affordable housing, completing apartment and financial application forms, and referral to community resources (food, affordable healthcare, clothing, health insurance, etc.).

Immigrant support: ACCD received a grant from the City of Madison in 2022 to start this program and a recent 2024 grant from the Rennebohm Foundation is helping to revamp support for community members and Madison residents. It provides wraparound assistance for immigrants, especially undocumented and new families, who desperately need assistance in meeting their basic needs and establishing their new lives. The program provides bus passes, financial assistance with immigration legal fees, grocery cards, connection to free/no-cost medical clinics and language support.

SAFE-CARE: established through a grant from Public Health Madison and Dane County (PHMDC), SAFE-CARE program works to increase awareness of domestic violence among immigrants and provide resources for intervention through sensitivity training for immigrant elders and faith leaders as well as distribution of informational materials in French, Arabic, Somali, Swahili and English to the public. The program also provides gas cards for victims of domestic violence who need to go to a shelter or find a safe place to stay.

Africa Talks Community lectures: Through partnership with the UW African Studies Program, this community lecture series brings together academic, community members and the public to discuss research relating to Africa and African and celebrate the rich cultural diversity in our community.

Annual Free Community Health Fair: Collaborating with the UW Swallowing and Salivary Bioscience Lab, the UW School of Nursing and other organizations, the ACCD recently organized its first free community health fair, that connected participants from Black and immigrant communities to 21 organizations for resources and public health studies. The provided memory, swallowing and blood pressure screenings for older adults.

3. Describe any significant changes or shifts at your agency since 2022 or anticipated changes in the next two years. For example, changes in leadership, turnover of management positions, strategic planning processes, expansion or loss of funding. What, if any affects have or will these changes make regarding the agency's ability to provide proposed services? If there are no changes, write "No changes".

ACCD works to meet the increasing needs of our expanding community. Over the next six months, our organization will be moving to a new space on the southside of Madison to increase accessibility to our services. In addition, our board of directors and key staff will be engaging in a 3-month strategic planning process with Dane County Extension

to increase our organizational capacity and position ACCD to be the anchor for family stability, empowerment and youth development among the African immigrants in Madison and Dane County.

4. Describe your organization's experience, education and training requirements for management and older adult services program staff. Include how you support these requirements and other professional development opportunities.

ACCD staff are from different generations, have diverse cultural and language backgrounds and process unique immigrant experiences. Thanks to funding from WEDC Ally capacity building grant, ACCD's operational budget provides for continuous staff training in case management and program development to build their capacity to provide excellence customer service and mindful responses to the needs our diverse clients. Our older adult services will be led by a staff member who is a senior and can relate to older African immigrant seniors in our community.

1. PROGRAM OVERVIEW

- A. Need: Briefly describe the need in the City of Madison for the programs included in this application, including the source of the data used in your response.

Over the years, studies from the Journal of the American Society on Aging has established that aging immigrants live longer and healthier if they have the strong cultural and social networks within the community. Additionally, a lot of older adults were highly negatively impacted during the COVID-19 pandemic due to isolation and lack of connection with family and community. With a mission to promote the wellbeing of African immigrants and preserve diversity of African cultures in Madison, the ACCD has identified the need to create a Baobab Senior Circle program to provide a conducive environment for immigrant seniors to connect with resources, share experiences and pass down cultural knowledge with the younger generation.

- B. Goal Statement: What is the goal of your program and how does it align with the scope of work described in the RFP guidelines?

This program aims to create a network of seniors in Madison's African immigrant community where there will be continuous engagement with peers and connect with resources that improve their health and livelihoods.

- C. Program Summary (3-5 sentences):

Baobab Senior Circle will be a bi-weekly social gathering of African immigrant seniors. Program participants will meet resource persons from different community organizations that provide a range of services for older adults – disability services, healthcare, mental health, exercises, housing support, gardening, etc. The program will provide peer language assistance for participants in different African languages. Participants will also share their life experience experiences in Africa and the US and transmit cultural knowledge through “Ananse” storytelling, oral history, music and other art forms.
