**To: Property and Condo Owners along West Washington Avenue and Henry Street**  
**Re: Proposed Street Resurfacing & Utility Project & Public Hearing**

This letter is to correct the previous one sent out with a wrong date. The public hearing for this assessment is on **February 21<sup>st</sup>, 2024 at 5:30pm**. Please see attached legal notice for details on how to participate.

The City of Madison is planning a 2024 construction project on West Washington Avenue from Broom Street to Fairchild Street, and Henry Street from Main Street to West Washington Avenue. The proposed project will include replacement of sanitary sewer, water main, storm sewer/inlets, and asphalt pavement. Bus pads will be improved at the corner of Broom Street and West Washington Avenue as well as West Washington Avenue and Fairchild Street. New pedestrian level street lighting will also be added to West Washington Avenue. Enclosed with this letter is a fact sheet with some details on the proposed project. Also enclosed is a notification for the Public Hearing before the Board of Public Works. The date, time and location of the public hearing is on the notification.

This project will involve special assessments to the owners of property adjacent to the project. The property and condominium owners will be assessed for various items included with this proposed project, and the costs of some of those items are assessed entirely to the owner. A table detailing the City's standard assessment policy for the items of work is included on the enclosed fact sheet.

Also enclosed is a preliminary Schedule of Assessments, which shows the estimated costs for your property adjacent to the project. The Schedule of Assessments for all properties adjacent to the project is available on the project webpage at <https://www.cityofmadison.com/engineering/projects/WestWashHenryStreetResurfacing>. A hard copy can be mailed to you upon request. The frontages of each property to be assessed are listed on the full schedule. After the work is complete, a final assessment will be calculated based on bid prices and work actually performed. The final assessment, which will be billed after the completion of the project, is payable in one lump sum or over a period of 8 years, with 5% interest charged on the unpaid balance.

To request accommodations for special needs or disabilities or if you have any other questions regarding this project, please contact Mario Galindez, Project Engineer, (608) 266-4095, [mgalindez@cityofmadison.com](mailto:mgalindez@cityofmadison.com). This includes requests relating to the Public Hearing and also requests relating to the actual operations of construction. A list of contacts for this project can be found on the enclosed fact sheet.

Sincerely,

James M. Wolfe, P.E.  
 City Engineer
