Re: Proposed Street Resurfacing & Utility Project & Public Hearing

The City of Madison is planning a 2024 construction project on Sheboygan Avenue from Whitney Way to Segoe Road, and Segoe Road from Regent Street to University Avenue. The proposed project will include replacement of sanitary sewer, water main, storm inlets, pavement, gravel base, and the extension of storm sewer. The traffic signal at the intersection of Segoe Road and Sawyer Terrace will be replaced as well. The project will also improve pedestrian and bicycle crossings and add median protected bicycle lanes on Segoe Road. New street lighting will also be added to Segoe Road. Enclosed with this letter is a fact sheet with some details on the proposed project. Also enclosed is a notification for the Public Hearing before the Board of Public Works. The date, time and location of the public hearing is on the notification.

This project will involve special assessments to the owners of property adjacent to the project. The property and condominium owners will be assessed for various items included with this proposed project, and the costs of some of those items are assessed entirely to the owner. A table detailing the City's standard assessment policy for the items of work is included on the enclosed fact sheet.

Also enclosed is a preliminary Schedule of Assessments, which shows the estimated costs for your property adjacent to the project. The Schedule of Assessments for all properties adjacent to the project is available on the project webpage at: <https://www.cityofmadison.com/engineering/projects/sheboygan-segoe-redesign>. A hard copy can be mailed to you upon request. The frontages of each property to be assessed are listed on the full schedule. After the work is complete, a final assessment will be calculated based on bid prices and work actually performed. The final assessment, which will be billed after the completion of the project, is payable in one lump sum or over a period of 8 years, with 4% interest charged on the unpaid balance.

To request accommodations for special needs or disabilities or if you have any other questions regarding this project, please contact Mario Galindez, Project Engineer, (608) 266-4095, mgalindez@cityofmadison.com. This includes requests relating to the Public Hearing and also requests relating to the actual operations of construction. A list of contacts for this project can be found on the enclosed fact sheet.

Sincerely,

James M. Wolfe, P.E., City Engineer

**NOTICE OF PUBLIC HEARING
BEFORE THE BOARD OF PUBLIC WORKS
FOR
PLANS, SPECIFICATIONS, AND SPECIAL ASSESSMENTS
FOR
PUBLIC WORKS IMPROVEMENTS
MADISON, WISCONSIN**

PART I

The Common Council of the City of Madison, Wisconsin, having heretofore decided that it is expedient and necessary that the improvements as listed in Part II hereof be improved at the expense of the property thereby on which would be conferred some special benefit.

NOW, THEREFORE, NOTICE IS HEREBY GIVEN:

That the City Engineer has prepared plans, specifications, a proposed schedule of assessments, and an estimate of the entire costs of the improvement for each of the districts listed in Part II hereof, and;

That the plans, specifications, a proposed schedule of assessments, and an estimate of the entire cost of the improvements listed hereto are available and open to inspection by all interested persons in the office of the City Engineer, Room 115, City-County Building, 210 Martin Luther King Jr. Blvd. and will so continue to be for ten (10) working days from the first published date of this notice, (please email Board of Public Works, boardofpublicworks@cityofmadison.com) and;

That on **WEDNESDAY, SEPTEMBER 20, 2023 AT 5:30 P.M.**, the Board of Public Works will be held remotely and the public can attend using a laptop or call in by phone. If you would like instruction on how to participate, please email boardofpublicworks@cityofmadison.com. The Board will consider any objections that may be filed in writing or in person and hear all persons desiring to be heard, and;

That special assessments may be paid over an eight (8) year period, with the owner paying 1/8 of the principal each year plus four (4%) percent interest on the unpaid balance, as determined by the Board of Public Works.

That if the total assessment is paid in full before October 31st in the year that the billing is made, irrespective of project completion, then no interest shall be charged.

If you require an interpreter, materials in alternate formats, or other accommodations to access this public hearing, please contact the Engineering Division at phone (608) 266-4751 or email us at engineering@cityofmadison.com. Please make contact at least 72 hours prior to the date of this public hearing so that we can make proper accommodations.

Fact and Details Sheet: PROPOSED SHEBOYGAN AVENUE AND SEGOE ROAD CONSTRUCTION

PROJECT CONTACTS

» **Project Engineer:** Mario Galindez
(608) 266-4095, mgalindez@cityofmadison.com

Project Details – Proposed Work

Sanitary Sewer: The City will replace the existing sewer mains with new 10" PVC pipes and relocate into the street from the terrace. Sanitary laterals will be replaced from the main to the property line (*laterals assessable*).

Water Main: The City will replace water main along northbound Segoe Road with 12" ductile iron, relocating it to the street from the terrace, and reconnect water services to the new main.

Storm Sewer: The City will extend the existing storm sewer main with 18" concrete pipe on Segoe Road to the intersection with Sheboygan Avenue and add private storm connections (*private connections assessable*). The existing storm sewer on Sheboygan Avenue will be relocated to the center of the street. All existing storm inlets within the project limits will be replaced.

Street: The City will replace all the existing pavement and stone base, and spot replace driveway aprons, sidewalk, and curb and gutter where necessary for repairs and improvements. The City will add median islands on Segoe Road to create protected bike lanes and improve crossings at the intersections at Sawyer Terrace, Heather Crest, and Vernon Boulevard. At Sawyer Terrace and Heather Crest, curb radii will be reduced and the crossing across Heather Crest will be raised. Curb ramps will be placed to access the new protected bike lane from the sidewalk at select locations.

Bus pads: Bus pads will be installed along the street at the following addresses:
4860 Sheboygan Ave – American Red Cross (Bus transfer point)
4901 Sheboygan Ave – Carolina Apartments (Bus transfer point)

Street Lights: The City will add street lights along the median of Segoe Rd from Vernon Boulevard to Sheboygan Avenue

Trees: Terrace trees will be pruned prior to construction to provide required clearance for construction equipment. Efforts have been made in the street design to save as many of the existing trees as possible. There are no planned tree removals. If, during the course of construction, it is determined that any additional trees must be removed, adjacent property owners will be notified prior to removal of the tree.

For information about EAB and the City of Madison EAB response plan, please see: cityofmadison.com/parks/services/forestry/pests/EAB.

Street trees provide many benefits to our city and are considered an important part of the city's infrastructure. Forestry Section staff will evaluate the terrace for new planting sites and potential replacement sites when the project is complete. There is no additional cost to the adjacent property owner for a tree planting. Street trees are typically planted in the spring of the year following the completion of the construction project. Per Madison General Ordinance 10.10, City Forestry determines tree species and planting locations. Residents cannot choose or plant their own tree in the terrace.

For any questions regarding street tree maintenance or planting, please contact the general forestry line at 266-4816.

Assessments: The project will have special assessments for the street construction. The assessments are a special charge for work being done that has a direct benefit to the property. The preliminary assessments are mailed during the design phase and will give the property owner an estimated cost due after construction is complete. The final assessment bill will be mailed in 2025 to adjacent property owners. The bill is calculated based on measured quantities for driveway aprons and terrace walks removed and replaced during construction. The unit prices for driveway aprons, pavement, and terrace walks are based on 2023 street improvement rates and will carry over from the preliminary assessment to the final assessments. The sanitary sewer laterals and private storm sewer connections will also be billed based on bid prices and measured quantities during construction. The property payment options include payment by lump sum or over eight years with 4 percent interest.

Construction Schedule & Impacts

Tentative Schedule: April – August 2024

Traffic Impacts:

Sheboygan Avenue: Closed during construction. The street will be open to local traffic only.

Segoe Road: Closed during construction. The street will be open to local traffic only. The contractor will coordinate with the concurrent BRT construction at the Sheboygan Avenue & Segoe Road intersection to provide local access in that area.

Access to all properties will be maintained at all times throughout construction. Parking will be removed during working hours (7am to 7pm) for the project duration. Pedestrian access will be maintained on at least one side of the street at all times. Please visit this website for metro detour information: cityofmadison.com/metro/detours.

Water Shut-offs: Water shutoffs are expected for properties on the east side of Segoe Road, as services are disconnected from the existing water main and connected to the new water main. A minimum of 48 hours of notice will be provided prior to the shut-offs. Each shut-off may last up to 8 hours, but typically last about 4 hours. At the start of construction, the existing main will remain in service until the new main is installed and connected to; emergency shut-offs may occur if the old, brittle main is damaged during construction.

Refuse and Mail: The contractor will provide access to allow for refuse collection as well as mail collection and delivery during construction.
