

City of Madison
RFI 11037-0-2022-BP
9/14/2022 Zoom Session

Question 1

Are the results for the RFI going to be posted as well as the Q&A? We are interested in the info.

Answer

We're happy to share. We're still trying to determine the best path forward and how the information will be presented.

Question 2

For financial information – is the City looking for historical financial approaches or more financing?

Answer

Our intent was more to establish the business background. We're interested in general pricing if you happen to have that to provide.

Question 3

Can we get information on what our fleet entails?

Answer

The City of Madison owns and operates about 1,800 vehicle assets, including approximately 500 diesel trucks, 215 diesel busses, and nearly 1,000 light and medium duty vehicles. They are maintained at 5 different City-owned auto repair garages. More information is available at the Fleet website:

www.cityofmadison.com/fleet-service

Question 4

Do we have sustainability reports that we publish/publicize?

Answer

The City of Madison has a Sustainability Plan that was finalized in 2011 and adopted in 2012. We are currently in the process of updating the Sustainability Plan which should be finalized in 2023.
