DATE: July 10, 2020

TO: Satya Rhodes-Conway, Mayor

FROM: George C. Hank, Director

SUBJECT: 2021 Operating Budget Request

The 2021 operating budget request for the Building Inspection Division seeks to put forth a spending plan consistent with the Mayor's directive. In our proposal, we are putting forth a series of requests demonstrating the Division's ability to seek innovative solutions to improve our performance and control costs.

Our Division's budget consists of five services:

- Consumer Protection: This service is responsible for inspecting packaging, weighing and measuring devices in gas stations, grocery stores, pharmacies, bakeries, taxis, fuel trucks, etc. The goal of this service is to complete full inspection and licensure of every business and commerce operation under the City's authority in order to ensure Madison consumers receive the correct amount of product for which they pay.
- Health and Welfare: This service provides assistance to residents requiring help with property maintenance to ensure a pleasant setting for City residents and visitors. Responsibilities include enforcement and education efforts regarding sidewalk snow removal, trash, junk, and debris removal, tall grass and weed mitigation, and graffiti removal. This service provides property maintenance inspection services for all buildings, including owner-occupied, rental, and commercial properties. The goal of this service is to enhance the public and private benefits resulting from safe and sanitary maintenance of properties.
- Inspection: This service ensures compliance with Madison's building and mechanical system ordinances by reviewing and inspecting construction projects, contractor licensing, permit records, sales surveys, preoccupancy inspections, and underground utilities. The process ensures buildings are constructed according to all applicable codes (zoning, building, plumbing, heating, and electrical) and the building is safe to occupy when the project is completed. This service also ensures digital copies of all building floor and elevation plans are attached to the building archives and provides access to digital plans for external customers, including home and building owners, builders, and realtors.
- Systematic Code Enforcement: This service inspects commercial and residential properties and provides routine building services, ensuring properties and buildings are in compliance with the City's Minimum Housing and Property Maintenance Code.

July 9, 2020 Page 2

> Inspection activities are scheduled through the Community Development Authority (CDA) using data gathered by Building Inspection staff and input from the Neighborhood Resource Teams. This service is also responsible for heating and water leakage corrections, infestation eradication, repair of broken railings, windows, and doors, and dozens of other problems associated with keeping the City's housing stock habitable. The goal of this service is to preserve public health, safety, and general welfare of all residents and to help maintain property values by eliminating blighting influences.

• Zoning and Signs: This service reviews and regulates Madison's Zoning code and street sign ordinances. The goal of the service is to provide timely resolution of land use issues for developers and the general public. This service provides inspections, investigation, and maintenance for records, zoning changes, and street sign ordinances. The process provides review and approvals prior to issuance of a permit as well as post-construction inspection services to ensure the project was completed in accordance with the approvals.

Covid-19 has been disruptive to our operation but has had minimal financial impact. 80 Percent of our employees have been working remotely on a daily bases with staff cycling through the office on a rotating basis. The installation of sneeze guards, floor markings and signage has allowed the Zoning and Plan Review counters to be open to the public by appointment since June 8th. That has gone smoothly and staff are very comfortable with the layout.

The Building Inspection Services supports the City's goal of equity by ensuring that quality code complying housing is designed, built and maintained throughout the City. The Systematic Service is implementing a blight study program so our systematic inspections can continue within State Statutes. This is essential to serve people of color who may be fearful to file a complaint. Finally, the services ensure all residents get the value of the product they purchase in retail establishments.

The Building Inspection Services supports the City's goal of sustainability by ensuring that all new buildings are designed and built to the adopted State energy code. The services also ensure the buildings are maintained which support the longevity of structures and minimizes the need for the razing of structure unless it promotes a higher use of the property. The service also supports the development of reusable sources of energy through Zoning.

Our proposal includes defunding two vacant positions and consolidating their activities in to a third vacant position aimed at achieving an overall five percent savings target. Fully aware of the City's financial situation, we believe these proposals are capable of reducing our fixed cost and will ultimately result in savings for the General Fund:

 We propose to defund the Weights and Measures 3 position along with a Zoning Inspector 2 position and combined the activities with a Code Enforcement Officer 1 position in to what essentially would be a jack of all trades. That position would float between all of the services depending on workload in a particular section and the time of year. Defunding these two positions still leaves us \$62,711 short of our five percent reduction goal. July 9, 2020 Page 3

- 2. To cover some of the gap, we are proposing increasing the fee we charge the contractors we train at our workshops so they can maintain their credentials. This will generate approximately \$30,000
- 3. To further cover the gap, we are also proposing a general permit fee increase that will generate approximately \$350,000. Permit fees have not increased in many years because permit revenue has far exceeded Division expenses. As recently as 2018 revenue exceeded expenses by \$1.4 million. That gap has shrunk and a fee increase is appropriate.

I look forward to meeting with you to discuss our proposal.

Citywide Element Effective Government

Describe how this service advances the Citywide Element:

The Consumer Protection Service provides the licensing of gas pumps, scales of all types, point of sale scanners, etc. and the associated inspection/verification service for the devices that are used in almost all types of retail purchases in the City. The goal is to ensure residents receive what they are purchasing.

Activity	% of Effort	Description
Verify Accuracy of Scanners	50	Pull selected items at random from store shelves and verify posted price is consistent with register price.
Verify Accuracy of Fuel Pumps	20	Draw a known quantity and compare it to the readout on the dispenser.
Verify Accuracy of Scales	15	Check scale accuracy with known weights.
	10	

					Pull prepackaged items, weigh them and compa to listed weight to determine if the packaging weight (tare) was eliminated.
cellaneous Devices		5			Verify timing and measuring devices, etc.

What is the proposed reduction to this service's budget?	\$111,719	

Explain how you would change the activities and the level of service as a result of implementing the funding decrease to this service. List changes by service activity identified above. Add a separate line for each reduction.

Activity	\$Amount	Description
Package Testing		Remove salary and benefits for one Weights and Measures 3 position (3941). We believe the reduction can be overcome by the availability of the float position and a reduction in Package Testing which is the lowest priority of the program and is not a mandated requirement.
Total	\$111,719	

Explain the changes by major expenditure category that your agency would implement as a result of the funding decrease to this service.

Name	\$ Amount	Description
Personnel	\$111,719	Remove salary and benefits for one Weights and Measures 3 position along with a Zoning Inspector 2 position and combined the activities with a Code Enforcement Officer 1 position in to what essentially would be a jack of all trades. That position would float between the three activities depending on workload in a particular section and the time of year.
Non-Personnel		
Agency Billings		
Total	\$111,719	

Is the City mandated to perform the activities of this service? If so, explain the mandate and mandated service level. If not, are there other local organizations also involved in performing these activities.

The City is mandated by State Statute to license, inspect and verify basis. Package testing is not mandated in this program.	every device that is used to sell of	consumer products and goods	This is required on an annual
Has this reduction been proposed in prior years?		No	
Does the proposed reduction result in eliminating permanent posit	ions?	Yes	
If yes, what is the decrease in FTEs:			1
Does the proposed reduction impact other agencies (i.e. Fleet Serv	ices)?	No	
If yes, which agencies:			

2021 Operating Budget: Agency Reuqests

Describe why the proposed reduction was chosen.

This reduction was chosen because the position is currently vacant and we were looking to combine this position with the Code Enforcement Officer 1 position prior to the budget message.

Explain the impacts of the proposed reduction on the end user of the service. How can impacts of this reduction be mitigated?

The impacts on the consumer will be minimal. Package Testing is done to ensure correct procedure is being done when product is packaged, weighed and placed out for sale.

No

No

Does the proposed reduction result in eliminating permanent positions?

If yes, what is the decrease in FTEs:

Does the proposed reduction impact other agencies (i.e. Fleet Serv	ices)?	No
If yes, which agencies:		

Describe why the proposed reduction was chosen.

Has this reduction been proposed in prior years?

2021 Operating Budget: Agency Reuqests

There is no proposed reduction in the service. The agency reductions are being accomplished in reductions in Zoning and Signs, and Consumer Protection (Weights and Measures) and combining the activities with a Code Enforcement Officer 1 position the Systematic Service that will float between the various services based on need and time of year.

Explain the impacts of the proposed reduction on the end user of the service. How can impacts of this reduction be mitigated?

The proposed change will actually benefits our customers during high enforcement times for snow and tall grass and weeds when the employees can float between services.

Building Inspection

SELECT YOUR AGENCY'S SERVICE:

Inspection

SERVICE NUMBER:

601

SERVICE DESCRIPTION:

This service ensures compliance with Madison's building and mechanical system ordinances by reviewing and inspecting construction projects, contractor licensing, permit records, sales surveys, preoccupancy inspections, and underground utilities. The process ensures buildings are constructed according to all applicable codes (zoning, building, plumbing, heating, and electrical) and the building is safe to occupy when the project is completed. This service also ensures digital copies of all building floor and elevation plans are attached to the building archives and provides access to digital plans for external customers, including home and building owners, builders, and realtors.

Building Inspection

SELECT YOUR AGENCY'S SERVICE:

Systematic Code Enforcement

SERVICE NUMBER:

605

SERVICE DESCRIPTION:

This service inspects commercial and residential properties and provides routine building services, ensuring properties and buildings are in compliance with the City's Minimum Housing and Property Maintenance Code. Inspection activities are scheduled through the Community Development Authority (CDA) using data gathered by Building Inspection staff and input from the Neighborhood Resource Teams. This service is also responsible for heating and water leakage corrections, infestation eradication, repair of broken railings, windows, and doors, and dozens of other problems associated with keeping the City's housing stock habitable. The goal of this service is to preserve public health, safety, and general welfare of all residents and to help maintain property values by eliminating blighting influences.

Activity	\$Amount	Description
Review proposed projects for compliance with zoning ordinance requirements.		We propose to defund the Zoning Inspector 2 position (669) along with the Weights and Measures 3 position and combined the activities with a Code Enforcement Officer 1. That position would float between the three activities depending on workload in a particular section and the time of year.
Total	\$84,956	

Explain the changes by major expenditure category that your agency would implement as a result of the funding decrease to this service.

Name	\$ Amount	Description
Personnel	\$84,956	We propose to defund the Zoning Inspector 2 position along with the Weights and Measures 3 position and combined the activities with a Code Enforcement Officer 1. That position would float between the three activities depending on workload in a particular section and the time of year. Reduction on salaries and benefits would be \$58,164 and \$26,792, respectively.
