#### Changes from 2024 Adopted CIP

#### Description of Major Changes

##### Far West Facility

- Project advanced from 2027 to 2026 due to Engineering - Facilities Management request to open space in existing Streets and Parks facilities and to allow for potential co-location of city operations that are beyond capacity at current facilities.

##### Street Tree Program

- No major changes compared to 2024 Adopted CIP.

##### Streets Div Non-Fleet Equipment Replacement

- New program. Adopted Budget includes \$40,000 in General Fund GO Borrowing in each year of the CIP.
- Program is funded by a decrease in the Streets Yard Improvements program.

### *Capital Improvement Plan (CIP) Overview*

---

#### Description of Major Changes (Continued)

---

##### Streets Equipment

- Program budget increased by \$750,000 in General Fund GO Borrowing in 2025 and 2026 to purchase two additional solid waste trucks due to the City's growth. This reflects a 13% increase.

##### Streets Yard Improvements

- Program budget decreased by \$40,000 in General Fund GO Borrowing in each year from 2026 to 2029 to fund the Streets Div Non-Fleet Equipment Replacement Program.

##### Sycamore Salt & Sand Barn

- No major changes compared to 2024 Adopted CIP.

### Project & Program Details

Project	<b>Far West Facility</b>	Project #	<b>13016</b>
Citywide Element	<b>Effective Government</b>	Project Type	<b>Project</b>

#### Project Description

This project funds the construction of the long planned, fully functioning Public Works Facility (South Point) on the far west side. The goal of this project is to improve the accessibility to government agencies and serve the City's rapidly growing far west community by better distributing staff and equipment geographically between three facilities instead of the existing two. This will benefit residents across the City. The Streets and Urban Forestry Division loses many hundreds of staffing hours, many during critical weather related events, transporting employees and heavy equipment from the centrally located Badger Rd facility to perform work on the City's west side. This new facility will allow for co-location of other City agencies at both this proposed site and the current Badger Rd and Sycamore facilities while allowing Streets to be more effective and efficient serving residents across the City.

Project	<b>Street Tree Program</b>	Project #	<b>12415</b>
Citywide Element	<b>Green and Resilient</b>	Project Type	<b>Program</b>

#### Project Description

This program funds the planting of terrace trees along new streets and replacement of street trees within the City in conjunction with Emerald Ash Borer (EAB) efforts. The goal of the program is to ensure the maintenance and improvement of the urban forest tree canopy in the City by replacing damaged or sick trees and planting diverse tree species to create a resilient tree canopy. Progress will be measured by the number of trees planted, not including EAB Replacements.

### Project & Program Details

Project **Streets Div Non-Fleet Equipment Replacement** Project # **15267**  
 Citywide Element **Effective Government** Project Type **Program**

#### Project Description

The program funds mowers needed for median mowing, leaf collection, and snow clearing of bus stops, bike paths, and sidewalks. The goal of the program is to ensure all neighborhoods are clean and safe and the Streets Division has reliable equipment. Timely mowing and leaf collection keeps nitrogen and phosphorus out of the stormwater drains, and ultimately out of the lakes. In 2025, the Streets Division is utilizing two electric mowers for the medians and, if successful, funds will be used to acquire additional electric mowers in the future.

Project **Streets Equipment** Project # **10458**  
 Citywide Element **Green and Resilient** Project Type **Program**

#### Project Description

This program is for new Streets Division Equipment. The goal of this program is to ensure the services provided by the Streets Division are completed with reliable equipment and machinery. Funding in 2025 is for a new tandem dump with spreader and wing, 2 Patrol trucks, a single automated truck, and a toolcat. Due to ongoing backlogs in heavy equipment availability, the exact schedule of replacements may vary. In all new equipment purchases, Streets and Fleet work to identify and procure equipment that advances City goals related to the climate and green energy use while assuring the equipment is capable of proper duty cycles and durability.

Project **Streets Yard Improvements** Project # **12503**  
 Citywide Element **Effective Government** Project Type **Program**

#### Project Description

This program is for improving and maintaining the Streets Division's drop off sites and facility yards. Funding is typically used for asphalt repairs and replacement, as well as bins and equipment for the yards. Planned work for 2025 includes crack sealing and making repairs to the Badger Rd location as well as the Transfer Station location.

Project	<b>Sycamore Salt &amp; Sand Barn</b>	Project #	<b>44250</b>
Citywide Element	<b>Health and Safety</b>	Project Type	<b>Project</b>

#### Project Description

The Sycamore Salt Storage Facility is reaching the end of its useful life as repairs are becoming more frequent and costly. The timing of the project would allow Streets to right size the new building for both salt and sand storage while recognizing the facility will be serving a smaller portion of the City with Far West/Southpoint having come on line.
