

Economic Development Division

Agency Overview

Agency Mission

The mission of the Economic Development Division is to serve a successful City by supporting our residents, businesses, and property owners; and, by managing our real estate assets and transactions in a responsible manner.

Agency Overview

The Agency is responsible for overseeing all City real estate transactions and projects, providing financial and technical assistance to businesses and developers, and managing other economic development initiatives.

Budget Service Changes

As part of the 2025 budget process, all agencies evaluated the budget service structure and had the opportunity to propose updates to services. The Economic Development Division's 2025 budget service structure has been changed from the 2024 adopted budget. Since there were changes to services, the budget does not show a full history at the service level. The budget does show a full history at the agency level by fund and by major expenditure category.

The 2024 Adopted Budget included the following services:

- Food Policy & Programming
- Office of Business Resources
- Office of Real Estate Services

The 2025 Adopted Budget has been updated to the following services:

- Administration
- Business & Real Estate Development Finance
- Business Resources & Outreach
- Policy, Planning & Project Management
- Real Estate Assets & Infrastructure
- Street Vending & Sidewalk Cafes
