

PERMITTING YOUR MOPED

Residential Parking Permit Program (RP3)

The RP3 permit allows people who live at an eligible address to park in excess of the posted one or two hour parking limit on the street.

The permit year begins September 1 and ends August 31 of the following year.

Permit cost is \$42 for each permit year. Replacement permits are \$11.

For additional information about the City's residential parking program, including eligibility and the application process, visit the Parking Utility webpage at: www.cityofmadison.com/parking-utility/permits

Annual Parking Permits for City Garages

The permit year begins April 1 and ends March 31 of the following year.

The annual motorcycle/moped parking permit fee is \$325 per year.

For additional information about annual parking permits, including availability and the application process, please call 608-267-8752.

Or email: parking@cityofmadison.com

City of Madison Moped Parking Information & Map

The Ordinance has changed

As of January 1, 2018, mopeds will be treated as motorcycles for the purposes of parking and no longer be permitted to park on sidewalks and terrace areas or at bicycle racks, unless the area is specifically signed and/or marked as a Moped Parking Area.

WHERE TO PARK

On-Street

Mopeds and motorcycles can park on-street in any legal space in accordance with signage and other parking regulations.

Up to 3 mopeds/motorcycles can park in a standard auto metered stall. The cost of parking at a standard on-street metered space is \$2 per hour downtown, \$1.30 per hour in the periphery areas. The cost for parking in a designated moped/motorcycle metered space is \$1 per hour.

Residential parking permits may be purchased for mopeds/motorcycles in accordance with program eligibility requirements.

All time limits and restrictions must be observed.

City-Owned Garages and Lots

In City garages, mopeds and motorcycles should park only at designated motorcycle/moped metered spaces, which are located outside of the gated areas. For safety reasons, mopeds and motorcycles should not go through gated entry lanes to access parking in off-street facilities.

Mopeds/motorcycles may park at any metered space in City-owned parking lots, and up to three mopeds/motorcycles may park in a standard auto space.

No vehicle, including mopeds and motorcycles, may be parked on-street or in a City owned parking facility for more than 48 consecutive hours.

TERRACE LOCATIONS

Property owners may apply to establish terrace Moped Parking Areas. At the time of publication, no terrace parking areas have been established. A future list of approved terrace locations will be available at:

www.cityofmadison.com/parking-utility/street-parking/motorcycle-parking

Mopeds may park on the terrace in designated, officially-signed locations only.

Mopeds must be parked within marked stall lines. 48 hours is the maximum time limit for terrace parking.

The street terrace is the space that lies between the sidewalk and the curb.
