SKYVIEW PARK- EXISTING PLAYGROUND EQUIPMENT

SKYVIEW PARK- SITE PLAN

SKYVIEW PARK- ADJACENT PLAYGROUNDS

City of Madison Playground Options Surfacing

City of Madison Playground Surfacing Options Comparison

Recycled Shredded Rubber	Engineered Wood Fiber Mulch
<ul style="list-style-type: none"> • Meets U.S. Access Board's ADA Accessibility Guidelines for Play Areas • Meets CPSC fall height requirements • Softer play surface material • Provides alternative use for recycled tires • Sandalwood/brown color-coated to reduce heat impact compared to non-coated black recycled rubber • Higher initial cost, lower maintenance cost • Needs to be topped off every 5 years depending on site conditions and use • Non-biodegradable • Thaws fast, playgrounds available throughout the year 	<ul style="list-style-type: none"> • Meets U.S. Access Board's ADA Accessibility Guidelines for Play Areas • Meets CPSC fall height requirements • Not as soft as recycled shredded rubber • Created by the City from fallen trees and limbs that would otherwise be chipped for mulch • More likely to get mold and mildew spores • Lower initial cost, higher maintenance cost • Needs to be topped off every 1 to 3 years depending on site conditions and use • Biodegrades • Thaws slowly, playground use limited during winter conditions
