

**CITY OF MADISON POLICE DEPARTMENT
STANDARD OPERATING PROCEDURE
Personnel File Contents and the
Process for Accessing These Records**

Eff. Date 01/22/2024

Purpose

The Madison Police Department (MPD) maintains information on all current and past employees, commissioned and civilian, pursuant to State of Wisconsin Statutes and City of Madison Ordinance.

The purpose of this standard operating procedure (SOP) is to identify and clarify specific categories of personnel information and to establish criteria to assure that this information is maintained and protected, allowing access only when provided by law. Accordingly, not all portions of an employee's employment file will be available to the employee. In addition, there may be a reasonable charge for providing copies of records.

The following categories are considered sections of an employee's overall Personnel File Record and the documents identified represent typical types of records that may be stored within. The documents listed within each category are not exhaustive. The training team is responsible for creating folders for Pre-Service Academy, Field Training, Employee file, and Medical file for commissioned personnel. The Police Executive Office Supervisor is responsible for creating the Employee file and Medical file for non-commissioned personnel.

Rules and Guidelines

CRITERIA

- A current or former employee may review their personnel records once per calendar year, upon request. A review form indicating date of review and signature of employee will be maintained within the file.
- Employees must be notified and/or sign off on new documents placed within their personnel file pertaining to performance issues.
- All file entries should include the following specific dates when appropriate: the date the information was added to the file and/or the date the information was received by PSIA.
- Documentation should occur each time someone accesses an employee personnel file. This documentation should consist of a short memo indicating the date of the review, who conducted the review, the reason for the review, and what sections of the personnel file were accessed. This memo shall be placed within the employee file.
- Personnel files are all to be housed within the locked Master File Room located at the CCB Headquarters. However, some Pre-Service Field Training Files are stored electronically. In addition, certain PSIA files are kept in this room through 2013 but are otherwise electronic (see above).
- Personnel Files are available to the employee, to the employee's representative when involved in a grievance, to an employee's physician (per medical record exception), and to decision-maker (Human Resources Coordinator or their Commanding Officer). Personnel files are public record and are subject to applicable state and federal law.
- Employees may add to their files, i.e., when they receive direct commendations from the public.
- Copies of an employee file will be requested and received through the Records Custodian, applicable laws will be applied. The right of the employee or the employee's representative to inspect records includes the right to copy or receive a copy of records. The employer may charge a reasonable fee for providing copies of records, which may not exceed the actual cost of reproduction.

RETENTION OF RECORDS

- No records are to be removed or purged at an employee's request. If an employee believes a record exists in error or disagrees with the content of a record, the employee can submit a memo stating they dispute the record and why. This memo will be stapled to the disputed record.
- All documents listed above that are placed in an employee's permanent file will be stored for at least eight (8) years after separation from service.

Wisconsin State Statutes §§19.31-19.39 and §103.13 clearly articulate exceptions related to employee access of their Personnel Records. These exceptions include the following:

- Records relating to the investigation of possible criminal offenses committed by that employee.
- Letters of reference provided through the background process.
- Any portion of a test document, except that the employee may see a cumulative total test score either for a section of the test document or for the entire test document.
- Materials used by the employer for staff management planning, including judgments or recommendations concerning future salary increases and other wage treatments, management bonus plans, promotions and job assignments, or other comments or ratings used for the employer's planning purposes.
- Information of a personal nature about a person other than the employee if disclosure of the information would constitute a clearly unwarranted invasion of the other person's privacy.
- Records relevant to any other pending claim between the employer and the employee, which may be discovered in a judicial proceeding.

RECORDS APPEAL PROCESS

- Review processes initiated by the employee shall be in writing describing the disputed information and directed to the authority responsible for maintaining the record in question.
- The authorities designated to maintain the specific record will be responsible for the review process and may delegate the review to his/her designee. The designated authority will make a determination on the record in dispute. Appeals to this decision are to be directed to an Assistant Chief.
- The final decision on the disposition of the appeal shall be the responsibility of an Assistant Chief.
- If an agreement is not reached through the appeal process, an employee may submit a response to their written dispute articulating the employee's position. That response is to be attached to the original disputed document.
